

**Enough is Enough!**

I agree that the negative attacks by proponents of the propositions on the May 9 ballot have become personal and harmful to political discourse in the City of Dallas.

Therefore, I'm willing to serve on the Steering Committee for ENOUGH IS ENOUGH, a specific-purpose committee established to defeat Propositions 1 and 2 on the May 9 ballot.

I also give my consent to the committee to list my name as a member of the Steering Committee on any and all public materials related to this committee.
